## THANKSGIVING.

The Way Jim Wiggins Will Entertain Visitors in Empire.

On the 29th and 30th of the present month Jim Wiggins will turn loose the biggest lot of sport ever seen in Empire.

TURKEY SHOOTING.

The distance will be 200 yards, with rifles, at 25 cents per shot, nobody barred. The above pictures represent the style of turkeys.

CHICKEN SHOOTING.  
These pictures are not hens, exactly, but will suffice to show the breed he will put up. The distance will be 45 yards, two shots for 25 cents, nothing larger than No. 6 shot allowed.

THROWING AT DUCKS.  
Ducks will also be put up for expert throwers to throw sticks at: ten cents per shot will be charged. You will also get a chance at chickens with their heads out of a box, 30 yards distant, with pea rifles (22 caliber), 2 shots for a quarter.

An invitation is extended to the crack pigeon shots to try their luck at trap shooting. Matches and rules can be made on the grounds. Nobody barred in any of the above events.

## MASQUERADE.

On Thanksgiving night there will be a masquerade at Wiggins' Hall, and costumes can be had at the hall. He has arranged to have a lot of new and attractive costumes on hand. Tickets one dollar, admitting gentleman and ladies.

Mrs. Kohl will have a big spread ready for hungry people, and there will also be plenty of stable room for those who come by private conveyance.

Jim Wiggins will spare no pains or expense to make this the grandest Thanksgiving Empire ever saw.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea, 25 cents a bottle.

Prof. L. Zimmer will furnish music for balls, parties, private and public entertainments, and give instructions on ten instruments: violin and mandolin a specialty. Apply at Ormsby House.

## Fall and Winter Stock.

In order to supply the demand for dry goods, M. Cohn has concluded to replenish his stock, which will be sold at a still greater reduction in prices.

In Berkeley, Cal., yesterday, C. W. Simons emptied two barrels of a shot gun into the abdomen of Wm. Hanson, and then gave himself up. Hanson had taken Simons wife away from him.

Carter Harrison left \$10,000 in his will as a permanent investment for charity, to be decided upon by his executors. Wouldn't it seem funny if the executors considered themselves objects of charity?

The Sacramento Bee is receiving congratulations from all over the country, on the fact that the man it supported for Mayor was elected by a large majority, and the boot-lickers and pap suckers were signally downed.

A writer says that whenever a horse driven by him balked, he has got out of his carriage, gone to the horse's forehead, lifted it from the ground, and struck the shoe a few blows with a stone. He has never failed to start a balky horse in this very simple way.

The Northern counties should lose no time in helping along the movement for the Northern citrus exhibition at the Midwinter Fair. They should prepare for a display that will make the Southern oranges and lemons turn green with envy.—Sacramento Bee.

A Pennsylvania farmer complains to the Philadelphia Press that he could not now see a farm for the \$7,000 he paid for it in 1857, though he has since built upon it a new house and barn. He also states that he was offered \$13,000 for the same property in 1863.

S. C. Thomas, who has a ranch south of Winnemucca, says that although he planted many acres of wheat he did not harvest a spear of grain on account of the devastation of ground squirrels which were unusually numerous this year. The vegetables were also badly treated by these little animals and Mr. Thomas is somewhat discouraged.—Silver State.

## A Case in Point.

Judge Johnson sent Ex-Senator "Pat" Lynch to the House of Correction for six months today as a vagrant. We are sorry that the Judge could not see his way to sending the unfortunate man before the city's physicians for examination as to his sanity. Lynch is one of the people who are called cranks. Thus far he has done no harm to person or property. Should he do so, he would certainly be deemed irresponsible by all who know him well; and the American public are becoming strongly of the opinion that when a man is known to have an unbalanced mind and especially when he shows inclination to violence and uses murderous threats, it is not good policy to wait until he does serious mischief before putting him in a safe place. Lynch, when arrested, was violent and was threatening to "cut the hearts out" of certain rich men whom he named. So he is quite a case in point, we fear.—Report.

Lynch, it will be remembered, served a term in the chain gang in Carson about a year ago.

## A Great Success.

Chicago, November 10.—The Ferris wheel proved a bonanza to its owners. Exactly 1,453,611 people paid to ride in it during the four months of its operation, so Secretary Vincent reported at a meeting of the stockholders yesterday. The receipts at 50 cents each amounted to \$726,805.50. After paying \$300,000 due on bonds the company divided \$426,805.50 with the Exposition.

After paying operating expenses the company had over \$150,000 left, the principal part of which was divided among the stockholders at yesterday's meeting. No action looking to the removal of the wheel has yet been taken.

## Dynamite.

Santander, Spain November 10.—Divers who have been down in the harbor where the explosion took place, state that 600 cases of dynamite yet remain in the wreck of the steamer. People near the water front, fearing another explosion, are abandoning their homes and are seeking residences at a safe distance from the point of danger. Experts do not, however, believe that such a quantity of dynamite could have withstood the shock of the explosion, and they think that the divers must have been mistaken. Deaths among the wounded are reported daily.

## Plucky.

A gray horse driven by Miss Emma Trapp got the reins under his tail yesterday and started to kick. He managed to place a hind leg over the dashboard, kicking Miss Trapp and her sister Mrs. Leonhard in the shins. After his leg became extricated, the horse started for the Lake, but was stopped near Gardner's by the plucky driver, after narrowly missing two hay wagons.

## The Debut Ball.

The Carson Home Orchestra made a debut at Armory Hall last night that they can be proud of. Those who expected to hear poor music were agreeably disappointed, and everybody went home pleased. The programs were pronounced "simply exquisite," and were printed at the Appeal office, of course.

## Killed by a Trunk.

Boston, Nov. 10.—Herdie driver John Wiley of Charleston was killed in a rather curious way while carrying a heavy trunk down stairs on his back. He lost his footing and fell headlong. The big trunk rolled over him in the fall. His neck was broken causing almost instant death. He was 65 years of age.

A few nights ago a little German tramp stole a lantern from the Mexican House at Pampa, Kern county, and flagged different trains at that place to obtain a ride. He stopped No. 19, boarded it and made the conductor partly believe that he had a brother aboard the train whom he was to meet and travel with on to Kansas City. When his ticket was asked for he said it was way down in his pants leg, and he could not get it. The last seen of the little rascal he was trying to make headway aboard a freight train.

Ex-President Harrison feels gratified that a part of the landslide which overwhelmed him last year has slid over on the shoulders of Cleveland. Harrison is now resting comparatively easy. The country, however, will not be satisfied till the two old twin enemies of the republic are buried in a common grave. Their burial will be attended with as little ceremony and feeling of humanity as a Reno funeral.—Silver State.
